

## Attend the Lyon Light Festival Forum 2017

Register for this year's **Lyon Light Festival Forum** (LLFF) organised by LUCI and the City of Lyon from **6 – 8 December 2017** during the Fête des Lumières.

Broaden the way you see light with speakers from different backgrounds in the LLFF Conferences on the "Frontiers of Light". The LLFF will also feature the

opportunity to spend the morning with the organising team of the Fête des Lumières.

### Events and projects

#### LUCI AGM Durham celebrates 15 years of networking

The LUCI AGM 2017 which took place in Durham from 13 - 16 November 2017 marked the 15th anniversary of LUCI with 140 participants from over 40 cities worldwide. [Read about the highlights of the event](#), see some [photos](#) and [download presentations](#) from the LUCI Members Area. Check out the [#LUCIagmDurham](#) twitter feed for a look at the event as it happened.

#### New project to map pathways to smart urban lighting

The London School of Economics, LUCI and Osram have launched the first global, comparative study of municipal pathways to smart lighting. The project will explore how different cities and towns are managing policy, implementation and governance of smart lighting. It will compare challenges and opportunities for cities worldwide.

### Calendar

#### Lyon Light Festival Forum

Lyon (France)

[See the complete calendar online](#)

### LUCI members in action

## Download CM Amsterdam presentations

The presentations from the [City under Microscope in Amsterdam](#) (20 – 22 September 2017) are now available in the [LUCI Members Area](#). The event brought together a large range of speakers to share how lighting helps Amsterdam create better urban spaces and organise urban innovation, smart city initiatives and public art.

## Calls and announcements

## LUCI and London School of Economics sign MoU

LUCI and the London School of Economics Configuring Light research group signed a Memorandum of Understanding this November. The two organisations agree to work together to move lighting up the social and political agenda as a central aspect of urban life and well-being. [Read more here](#)

## Call for concepts - Amsterdam Light Festival

Artists and creatives from all over the world are invited to submit proposals for the 2018-2019 edition of the Amsterdam Light Festival. The festival organisers are looking for creative interpretations of the theme 'The Medium is the Message'. [Get more details on the call for concepts here](#). Deadline: 3 January 2018.

## Call for projects - Bright Brussels Festival

Lighting designers, architects, designers and artists from all fields and disciplines are invited to submit their proposals for the next edition of the Bright Brussels light festival taking place from 22 to 25 February 2018. [See the call for projects here](#). Deadline: 17 December 2017.

## IALD Call for Presentations

The IALD (International Association of Lighting Designers) invites abstracts from lighting designers and professionals for its Enlighten Americas 2018 conference call for presentations. [More details here](#)

### > GLOW Eindhoven

Check out some images from the [GLOW Eindhoven](#) light festival that took place on 11 - 18 November 2017.

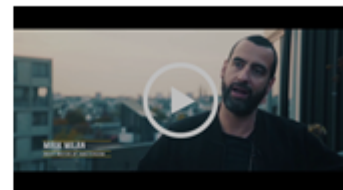

### > Lumo Light Festival Oulu

See some photos of the [Lumo light festival](#) which took place in Oulu, Finland this month on 17 to 19 November 2017.

### > Luci d'Artista Turin

See the light artworks and installations of this year's [Luci d'Artista](#) light festival which is illuminating the city centre of Turin, Italy until 14 January 2018.

## LUCI Videos

Video - LUCI City under Microscope Amsterdam

## They just joined LUCI

> **Dakar (Senegal):** the capital of Senegal and an economic and cultural hub in West Africa with a population of over 1.14 million.

> **A2A (Italy):** a company based in Milan and Brescia that manages public and decorative lighting in several cities in Italy.

> **Noë Hautbois** - We are very pleased to welcome Noë Hautbois who has joined the LUCI team as Events & Communication Intern.

## Seen in the news

**LED street lighting and light pollution** – a series of articles in the media have been talking about the potentially negative impacts of LED street lighting on light pollution following the publication of a report in Science Advances magazine on the topic. See some articles [here](#) and [here](#).
