

Save the Dates 2022: LUCI 20 Years! Shaping together the Future of Urban Lighting

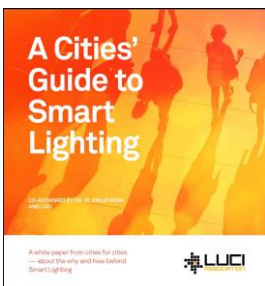

In 2022, LUCI offers many opportunities to meet, exchange, and progress to shape together the Future of Urban Lighting. All our energy is focused on finding common solutions to some of the challenges cities face to improve the quality of life of citizens with sustainable urban lighting.

Join LUCI Members for the monthly online rendez-vous and hear from Prof Dr Elisabeth Enhus about "The effects of reduced public lighting on crime and fear of crime: a literature review" [Register here >>](#)

New LUCI publication: Cities' Guide to Smart Lighting

LUCI recently released the *Cities' Guide to Smart Lighting* – a white paper, from cities, for cities – aiming to help cities build their vision on smart lighting and support possible actions towards realisation. LUCI members should have received a hard copy by postal mail. Let us know if you haven't! In the meantime, you can download your [digital copy here >>](#)

Welcome to our new Associated Member

[Enefit Connect](#) (Estonia): Enefit Connect is a subsidiary of Eesti Energia, which develops and manages various electricity networks, a high-speed internet network, a modern electric car charging network and a large part of Estonian street lighting.
