LUCI IN ACTION

XXIV Seminario de Iluminación – IES Mexico

27th April 2022, LUCI took part in the “XXIV Seminario de Iluminación”– organized by the IES - Illumination Engineering Society’s Mexico City section. Each year this seminar is held to an audience of between 300 and 400 national and international guests. Under the main keyword of “resilience” for this edition, the topic of the conference session by LUCI was “how can lighting help cities be more sustainable and resilient?”. Indeed, lighting, as an objective essential infrastructure, but also a subjective, emotional layer of the city after dark plays an important role to support resilience and sustainability.

Safe Summer – Roundtable in Koper, Slovenia

26th May 2022, LUCI took part in the “Safe Summer” roundtable organized in Koper by the Faculty of Tourism Studies of the University of Primorska, Slovenia. The main objective was to spark discussion among security professionals, tourism Boards and Mayors of the coastal region in Slovenia about how light and darkness play a role in creating experiences for tourists and residents and how sustainable urban lighting affects the feeling of safety and security.
