CITIES IN ACTION

Delightful daylight in Jyväskylä, Finland

An installation called "Pallerot" (meaning "Dots") has been installed for the summer 2022 in Jyväskylä (FI). This idea emerged, says Elisa Hillgen, Lighting coordinator at City of Jyväskylä, "as part of the city's vision to be The City of Light during the whole year, not just during dark times with artificial lighting". The aim is to use summertime and daylight to come up with projects for people to enjoy. [Read more >>](#)

Switching off public lighting in Greater Geneva (CH) and beyond

The next edition of "La nuit est belle" event will take place on 23 September 2022. This date is set according to astronomical criteria as the aim is to maximise the visibility of the Milky Way at sunset. This year's focus is dedicated to Energy savings. Hundred of municipalities from Greater Geneva (CH) and beyond will switch off public lighting to raise awareness on light pollution. [Read more \(FR\) >>](#)
