## Sharing lights 4Ukraine: Calling people to action

The situation in Ukraine has sadly passed the 1 year marking point. Based on the idea behind the **light installation *Menschen***, cities of Leipzig and Brussels have started a cooperation to bring help to Ukrainians in these dark times. In LUCI, we wanted to support and join this initiative and we are now calling the network and lighting field to action. [Find out how to get involved >>](#)

## LUCI Declaration for the future of urban lighting

We are happy to share with you the final version of the ***Declaration for the future of urban lighting***. Drafted and reviewed by LUCI members, during co-creation sessions and gatherings held at the occasion of the 20th Anniversary of the network, the Declaration lays down our collective vision for the future of urban lighting. [Download the Declaration](#) and share your thoughts during the upcoming **General Assembly on Thursday 2 March 2023 >>**

## (Re)watch the February LUCI Coffee Bre@k

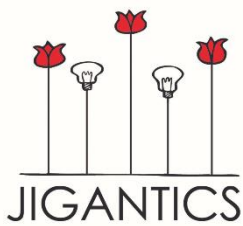

LUCI Coffee Bre@ks are short 30-minute regular online rendezvous session for members only. In February, we heard about the cities of Leipzig and Brussels initiative to collect flashlights for Ukraine. **The LUCI team will start**

collecting them at the [LUCI AGM in Jyväskylä](#) and ensure they are sent to Kyiv through the cooperation with Leipzig. See how you can personally get involved by donating flashlights via [the story published on the LUCI Hub](#) >>

**Welcome to our new City member: Mons** 🖐️

**Mons** is a city and municipality of Wallonia, and the capital of the province of Hainaut, Belgium. [Discover LUCI City Members >>](#)

**LEDiL**

**VIZULO**

**Welcome to our new Associated Members** 🖐️

LUCI is delighted to welcome three new associated members this month!

**Jigantics**: giant illuminated gardens of flowers created by artist Jig Cochrane. [>>](#)

**LEDiL**: manufacturer of appliances, electrical, and electronics. [>>](#)

**Vizulo**: an energy-efficient lighting solution company specializing in LED lighting. [>>](#)

## Cities & Lighting Magazine n°10 is ready! 📄

In this 10th edition of the Cities & Lighting Magazine, we focus on one of the essential layers of our cities: **green spaces and urban parks**. How to illuminate these spaces is starting to become a major concern for urban policy makers that must respond to different and conflicting needs...

Registered people for the [upcoming AGM in Jyväskylä](#) will receive it there, and LUCI members will receive their copy **by end of March!**

## SEEN IN THE NEWS

## **New Regulations To Limit Light Pollution In The Czech Republic**

Technical regulations to limit light pollution (also known as light smog) and lower the impacts on the environment and human health will take effect in the Czech Republic in March, Deputy Environment Minister Petr Hladik (KDU-CSL) told journalists today. When installing new lighting points, both a minimum and maximum illumination level will be stipulated, both for public and non-public light sources. [Read more on brnodaily.com >>](#)
